

A NASTY COLD EASED AT ONCE

"PAPE'S COLD COMPOUND" THEN
BREAKS UP A COLD IN A
FEW HOURS.

Don't stay stuffed-up. Quit blowing
and snuffling! A dose of "Pape's Cold
Compound" taken every two hours, until
three doses are taken usually breaks
up a severe cold and ends all gripe
miser.

The very first dose opens your clog-
ged-up nostrils and the air passages
of the head; stops nose running, re-
lieves the headache, dullness, feverish-
ness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the
quickest, surest relief known and costs
only a few cents at drug stores. It
acts without assistance, tastes nice,
contains no quinine—insist upon
Pape's!

REMEMBER CALVARY! PRIEST
ADMIRISHES HIS HEARERS

That the inspiration of the holy men
and women who call Calvary the cross
not fear, not wholly the desire of at-
taining heaven, but, rather, love, was
the property of Calvary, was proved by
Rev. Peter J. Cuny at the high mass in St.
Patrick's church Sunday. This love
arose from contemplation of the sacrifice
of Calvary, which early rebelling
in the form of a Saviour died for all
mankind.

These saints had, as we have now, to
contend with the spirit of the world,
which was condemned by Christ. This
is the spirit which manifests itself in
what is called personal independence.
As a young man, early rebelling
against all obedience, authority, it
shows in selfishness, caring for one's
neighbor, not because he is the image
of God and the brother of Christ, hence
our brother, but merely insofar as we
can make him useful, in such trite
words as might make right, the suc-
cess of the world, in defiance to
precepts of legality, in defiance to
"What will the world say?" impatience
at religion's warnings, too great reli-
ance upon the power of God, who is
also just, and in tolerance for
forbidden because everybody may seem
to be doing them.

The inspiration of the saints was
advocated in the life of today—love,
for God and man, as a result of med-
itation upon the stupendous manifesta-
tion of Divine love on Calvary's cross.

During the service the choir, under
direction of Organist Frank L. Farrell,
sang portions of the Good Friday ser-
mon, the always effective and moving
in the large dining hall of the Wau-
rean House. There were over sixty
present at the service.

The lodge had eighteen members in
the service and on their service flag,
which was suspended above the altar,
were the names of the fallen. Most of
the ex-service men of the lodge were
able to be present and they were given
seats of honor at the head of the
table.

The banquet was served at 8 o'clock
the menu being as follows:
Cream of native celery, roast Ver-
mont turkey, baked gravies, sweet pota-
toes, coffee, cake, ginger ale, cigar-
ettes.

A. A. ADAM FOUND DEAD IN BATHROOM

Firemen called from this city to ex-
tinguish a slight blaze at Adam's bath-
room at 122 West Town street, Norwich
Town, Sunday night at 7:45 o'clock,
found the dead body of the owner and
proprietor, Alfred A. Adam, on the
floor of the small bathroom in the
building.

Coroner Franklin H. Brown and
Medical Examiner C. C. Gilderleeve,
who made an investigation Sunday
night, indicated two possible causes
for Mr. Adam's death—apoplexy or
asphyxiation by gas due to an explo-
sion or an accident to a small gas
heater that was in the bathroom.

The fire that led to the discovery of
Mr. Adam's body was seen from the
chimney, coming from the first
floor, which was the cause of the
alarm.

Chief Howard L. Stanton
caught the message just as he arrived
at his home on Linden parkway and
at once ordered the chemical from the
station, proceeding then to Norwich
Town in his car. Mr. Kilroy and other
neighbors got into the tavern to see
the body.

But, were not able to do any-
thing, as there was no water in the
bathroom. They turned on the electric
light, but saw nothing of Mr. Adam.

Chief Stanton and the crew of the
chemical company found the first
blazing in the partition of a room at
the rear of the building, where Mr.
Adam had a collection of curios, and
a very quick search of the place
revealed a small gas heater, which was
burning. Chopping a hole through the
wall, they came into the bathroom
at the extreme rear of the building.

There, lying on the floor, was the
body of Mr. Adam. He was lying on
his back, with his arms outstretched
over the body of Mr. Adam in the
dark. Turning on the electric light,
he saw Adam. Enslaving the body
with a cloth, they found a small
gas heater, which was burning. Chopping a hole through the
